

Forest Hills @ Masinagudi

Forest Hills is a family run rustic theme resort located in a beautiful and secluded part of the famous Nilgiri foothills in India and very close to the Mudumalai Tiger Reserve offering a unique opportunity to explore and appreciate the unspoilt virgin rainforests that are home to a variety of wildlife. Time means nothing here. It is the celestial bodies that control nature. It is a delightful mix of old-fashioned hospitality and contemporary amenities typical of the colonial bungalows and clubs.

The atmosphere is informal and friendly and the facilities include a 'Machaan' or Watchtower on stilts which guarantees sighting of wildlife at close quarters. Set in a breathtakingly beautiful valley with the wooded mountains forming a majestic backdrop.
